The "Faith Curlst" of Canousburg, Pa., Who is Richl by the the Coroner's Jary for the Death of one of His Patients.

PITTSBURGH, Feb. 6.-The Dispatch Hev. C. H. Pridgeon, of Canonsburg, has canceled his engagement for evangelistic work at the Second Presby. terian church, Pittsburgh, and at the McClure Avenue church, Allegheny, This is the result of his alleged connection with the death of Mrs. Jennie O. Whiteside.

it was expected that District Attorney T. B. H. Brownice, of Washington county, would take rome action yesterday against the pastor, Miss Ella Mc Miller and Mrs. Flora Holliday, who Mrs. Whiteside. The district attorney, however, is waiting for Coroner Pitzpatrick's transcript of the case. After he has read the testimony he will decide as to the matter of prosecution.

Rev. Mr. Pridgeon talked freely of the case yesterday. He said he did not any personal responsibility, and again decided that he was instrumental Li keeping physicians from the hedside of the dying weman. He also dealed of the dains away after the woman's that he ran away after the woman's death. He said he did not know whethwould be brought before the pres

case goes to court," he said, i by those who are con-with me, and I think I

Ha McMillen was seen and she o make a further statement nection with the matter, She conscience was clear.

of her connection with the matter. She estable reconselence was clear.

The case has created a sensation among local Presbyterians. The affair recalls a similar event, but one not so, serious, occurring about fifteen years ago in the same locality. At that time a faith-cure wave swept over Washington county. For a time there was a simp in the business of the faedical practitioners of the locality, but a single dangerous case, in which a men was grasped from the laws of death after faith cure had failed to cure, brought the believers back to the doctors.

Mr. Fridgeon is well known in the two clies. He has conducted revival services here on several occasions and is conceded to be one of the best evan-

d to be one of the best ts in the country. Rev. S. Edward pastor of the Second Presbyte was a classmate of the ed minister at Princeton, and he accused minister in the transfer in the pasi-deeply deplores the unfortunate posi-tion of Mr. Pridgeon. He had nothing but words of praise for him, but he took a decided stand against the mixing of faith cure with Presbyterianism. He

and the war start of Mr. Pridgeon in sevent years, but during my closer acuaintance with him I never knew him o lean toward the prayer cure other han in the generally accepted way. It emains to be proved that he is a fastatic on the subject, as reports would axe it appear. As to going to the exreme in faith cure I most certainly enounce it. The ignoring of medical clence would result in the depopulation f the world in a short time."

receives would result in the depopulation of the world in a short time."

Several other well known Presbytering divines of the two cities were seen restorday and were asked their opinions of the Pridgeon case. Few were willing to discuss the matter at all, and hose who did speak confined themselves chiefly to the question of faith, up prayer, cure, and its relations to the Presbyterian doctrine. All agreed that he church does not sanction is being suivacated to an extreme. They desunced the ignoring of modern medical cleaner as a fearful piece of folly. a fearful piece of folly

what would likely be the eccle-outcome of the Pridgeon case anteoms of the Pringeon case wild place themselves on record, see C. Bruce, D. D., of the Westchurch, Allegheny, said:

'e known Rev. Mr. Pridgeon for time, and knew that he leaned the faith-cure doctrine, but I saucht as exposite as alleged.

ime, and knew that he leaned the faith-cure doctrine, but I bught so strongly as is alleged riticular case. If he should be before the presbytery I am would be severely consured if teiton with this case is proven, my respects his case is similar of Rev. John M. Norris, of Vashington, who preached on of holiness and had to give up to. The presbytery did not mis.

The presbytery did not at orge. The presbytery ald not atto prove any charges against
Mr. Norris, but simply governed
a a manner to bring about peace,
was a split in the congregation,
smally the case in matters of the
and restoration of harmony was
be object of the presbytery's acThe same trouble will likely ocThe same trouble will likely ocMr. Pridgeon's case, and it will
bly result in his dismissal from his
t charge—that is, if these charges
time."

ary D. Lindsay, D. D., of the particular attention gave his doctrine of the Pres that lays any particu-e subject; in fact, our tely silent on the ques-if a minister in the Allexheny presbyery should become an extremist and preach abolition of medicine he would certainly receive attention. But Mr. Pridgeon is in the Pittsburgh presbyery, and I cannot say what may be done if the charges against him prove to be true. All Presbyterian ministers believe in prayer for the sick and distressed, but it would be little less than insanity to cast aside medical gifts God has given man to help himself."

AMERICAN BRIDE

Creates a Scene in a Paris Hotel-Victim of Absinthe.

PARIS, Feb. 6.-There is a good deal of talk in American circles here about a painful incident at the Hotel Normandle. A few days ago the people in the hotel were aroused by cries of "Villain! Villain! Go away! You have decsived mel" coming from a retired pass-are leading to the elevator.

The correspondent, who was in the hotel, raw a violent struggle between a

cover net" coming from a retired passace leading to the elevator.

The correspondent, who was in the
note, saw a violent struggle between a
young married woman, who proved to
tea Mrs. Howard, of Phitadelphia, and
hat youthful husband. The woman was
in the set of throwing a small shower
of Isan, af Fineland notes at the man,
repeatedly shouting:

"Villain! Take your money back!
Keep him away!"

The husband had struck his wife, and
as he was entering the elevator she
gave him away!"

The husband had struck as wife, and
as he was entering the elevator she
lose his balance upon the slippary hall
floor. She got safely into the elevator
and the man tried to get in after her,
but was seized by some Englishmen.

The hady went up alone, shrinking down
a torent of reproaches.

FINANCE AND TRADE The Features of the Money and Stock

NEW YORK, Feb. 5 .- Money on call 115@2 per cent. Time money during the week has continued to be freely offered week has continued to be freely offered by brokers. The increase in the volume of investment in securities for future profits naturally involves some demand, but not in proportion to the supply. Raice 2½ per cent for 60 to 90 days, 3 per cent for four to seven months. Mercantile paper is in excellent demond, both local and out of fown. The market is by no means overslocked, and the brokers' packet books are quickly emptied, there being no opportunity to accumulate stocks. The natural consequence of these conditions is a continuance of low raics. Quotations are 3 per cent for 60 to 90 days' indorsements, 3¼ @4 per cent for choice four to six months, single names, and 4½5 per cent for choice four to six months, single names, and 4½5 per cent for choice four to live indorsements. Quotations at the four important domestic centers are reported by telegraph as follows:

Boston, call, 263 per cent, time 214/64 by brokers. The increase in the volume

follows:
Boston, call, 203 per cent, time 24/94
per cent; Chicago, call, 3654, time 466
per cent; Philadelphia, call, 24, time
84; Baltimore, call, 364, time 466 per

cent. Bar sliver in London, 31-6d higher, at 26%41 per aunce. New York price for commercial bars, Mc higher, at 56%@ 57% per ounce; government assay bars, %c higher, at 57@78c, Mexican dollars, %c higher, at 45% bid, 46% asked.

To-day's stock market was lifted to a higher level by the conspicuous strength

of comparatively few stocks. It was noteworthy that the Vanderbilts, which gave the initial impetus to yesterday's advance, showed the effects to-day of profit taking. Lake Shore losing 2 points and New York Central a small fraction. Michigan Central, after bounding upward at the opening reacted over point, but closed with a substantial The reaching importance of the merg-

The reaching importance of the merging of New York Central and Lake Shore and the prospects of additions to the plan continued to have a marked sentimental effect on the whole market. The possibilities in the way of reduced expenditure for administration and of stability of rates for traffle from consolidation are canvassed with eager attention by dealers in securities. Pennsylvania was conspicuously affected and the long sustained advance in the stock of its subsidiary company, Pittsburgh Cincinnatt, Chicago & St. Louis is pointed to as evidence of closer relations to come.

Burlington rose strongly on rumors of the ripening of the refunding plan, and a pending increase in the dividend rate. General Electric, Lake Erie and Western preferred, and Lackawanna were markedly strong and Norfolk & Western preferred continued its upward movement. There was a reactionary tendency in the Erie and the Susquehanna & Western stocks on realizing. The recent advance is accounted for by well defined reports of a plan for exchanging the Susquehanna focks for an undeter ing of New York Central and Lake

defined reports of a plan for exchanging the Susquehanna stocks for an undeter-

mined percentage of the Erie stocks. Great Northern preferred sold at a fur-ther decline of 2 points, and was bid down still further, the various reports of plans for increased capitalization and distribution of the companies accumulated resources being so conflicting as to lead to the conviction that no plan has yet been formed. Although business was on a large scale and widely distrib-uted the fluctuations in prices were ex-ceedingly narrow outside special cases, the most important of which have been

indicated. The heavy increase of over \$11,000,000 The heavy increase of over \$11,000,000 in deposits of clearing house banks for the week marks the continued flow of funds to this centre, and the withdrawal of government deposits must be allowed for in addition in estimating this movement. The expansion of nearly \$8,000,000 in loans, though heavy, falls far short of absorbing the total of the increased deposits.

The activity in the stock market undoubtedly involved a large amount of borrowed money and it is probable that other speculative markets have drawn on this centre for funds during the week. There is reported also a good supply of attractive names in the commercial paper market. Under the circumstances the decrease in the surplus reserve is disregarded in the stock market as being simply the result of the failure of cash reserves to keep pace with the rise in the legal reserve level. The cheapness of money has led to the withholding of maturing exchange obligations which are

rates of exchange.

The stock markets unusual activity this week has been characterized by remarkable strength in spots. Apparently there have been some few elements of strength on each day to sustain the weekleshouse the strength on each day to sustain the market when he was the surveille in the strength of the stre market, although very heavy realizing was in progress in stocks that have been foremost in the recent advance. At dif ferent times during the week the marke has been under the influence of aggres-sive strength in Chesapeake & Ohio, Baltimore & Ohio, Louisville, Pennsylvania Northern Pacific preferred, the Coalers, Union Pacific and other less consoleuous Wide advances have occurred stocks. stocks. Wide advances have occurred in other high priced closely held invest-ed stocks, notably Great Northern preferred, which advanced an extreme 27

points, but reacted 4 points.

The week's heavy profit taking sales have been well absorbed, and the out-side participation in the market has grown. Many stocks have been at times below last week's closing level, and some prominent stocks end below, but the general level of the market is higher, principally as a result of the movement of yesterday and to-day. Gains gener-ally range between 1 and 2, points with exceptions in active stocks up to 6

The bond market has continued to show the phenomenal activity and strength which it did in January. The total par value of sales in January was nearly \$92,000,000. This total was never nearly \$35,090,090. This total was never exceeded on the exchange, except in October, 1885, when the sales exceeded \$104,090,600. In view of the present importance attached to the New York Central and Lake Shore consolidation, it is considered significant that the previous period of greatest activity was at the time of the West Shore settlement. Kansas Pacific considerations and the settlement of the West Shore settlement. sas Pacific consols showed an extreadvance for the week of 12½ points, and other Kansas Pacific and Union Pacific Issues showed large advances. Prices all around are markedly higher. Total

United States new 4's registered advanced % per cent; do coupon ex-inter-est %; the old 4's registered and the s-registered % and the old 4's coupon and 5's coupon ex-interest 14 per cent

the 5's coupon ex-interest 14 per cent bid.

The Financier says:
The statement of the New York clearing house banks for the week ending February 5, is notable as reflecting the ability of the banks to absorb and put to more or less profitable use the immense accumulation of funds at this scentre. The aggregate deposits of the sixty-five institutions are now nearly \$731,609,000. What this means will be better appreciated when it is stated that it is an increase of \$165,009,000 over the same week last year, and \$241,009,000 in excess of the deposit item for the similar period in 1896. The loans of the banks now stand about \$623,809,000, which is \$135,000,000 in excess of the first week in February, 1897, and \$185,000,000 higher than reported in 1896. Yet the banks

now have in their vaults less than \$35,000,000 idle cash as against \$54,500,000 one
year ago, and \$10,000,000 two years ago.
Clearly, the banking situation, as regrads demand, might be a great deal
worse. Even conceding that special
operations account in some part for the
enormous totals, there is a considerable
margin for legitimate commercial needs margin for legitimate commercial needs shown in the current statements from

margin for legitimate commercial needs shown in the current statements from week to week.

The increase in leans for the past six days was \$7,994,100, which is pretty evenly distributed among eight or ten leading banks, one institution only showing a more than ordinary decrease. The expansion in deposits was \$11,343,100, and the banks gained in cash \$2,008,000. The loan increase and the cash addition do not account for the deposit growth, the discrepancy amounting to \$1,343,000 but this is due perhaps to the confusing system of averages employed in making the statement. The expansion in deposits can be traced through a larger number of banks than usual, the National Park leading with over \$15000,000,000, to its credit. The net deposits of this one institution are now in excess of \$50,000,000. The banks are still gaining heavily in cash from the interior, although domestile exchange at important centres shows decided weakness as compared with two weeks ago, reflecting, it is to be presumed, the cessation of interest remittances to New York. The payment of sumed, the cessation of interest remli-tances to New York. The payment of several millions of Union Pacific deposits into the treasury has had no ap-preciable effect on the market, but it is to be noted that the excess reserve of the banks is down \$827,825, and with any thing like a continued showing such thing like a continued showing such as made in the current statement, rates will probably be steadler in tone. Anything more than a moderately firm basis however, seems out of the question for a considerable period. The reserve investments by American interests abroad are in the nature of a safety valve to check sudden fluctuations upward.

Brendstnills and Provisions

CHICAGO—After a dull and uninteresting session, wheat closed to-day at ½c decline. Trading was almost entirely local and fluctuations were narrow. Corn closed unchanged. Oats were strong but advanced only ½c. Provisions reached a new level of prices but reacted and closed unchanged to a shade lower. shade lower. For a few minutes around the opening

wheat was inclined to sympathize with the action of the Liverpool market. That market, after opening a shade higher, acclined and closed 14d to 3d That murket, after opening a shade higher, atclined and closed '4d to 'Md lower in the face of yesterday's improvement here. On this account first sales of May were at a slight decline, May opening at 94%@5c, against yesterday's closing price of 55½c. Besides the Liverpool decline, northwest receipts continued heavy. Minneapolis and Duluth reported a total of 337 cars, against 220 last week and 279 a year ago. Chicago receipts were 46 cars. The exports were also not up to expectations, 2,43,400 bushels, against 5,025,000 the week before. A rather bearish showing of the visible was looked for Monday and New York reported moderate selling at the opening for foreign account. Notwithstanding all this, the market became strong almost immediately. Moderate buying by local long interests principally supplemented by a little covering by St. Louis brokers of lines put up yesterday, carried the price of May stendily up to 55½@55%c. The advance was helped by the continued strength of oats and provisions, both of which markets made new prices for the season during the morning. There were reports of grain famine from parts of southeastern Flussia, and California reported a continuation of the drought. A factor in the advance was the report that the reduction on the Italian grain duty would probably remain in effect A factor in the advance was the report that the reduction on the Italian grain duty would probably remain in effect until the last day of May. After the advance to 53½695% c prices eased off slowly to 53½6 on realizing, but closing Paris cables caused another brief period of strength and a reaction to 53%695½c. Paris was from 40 to 55 centimes higher for flour and 10635 centimes higher for wheat. During the last half hour of the session prices gradually receded. There were moderate though persistent offerings, principally in the way of local evening up transactions, and May finally dropped to 95c. That price was bid at the close.

The market for corn was firm but duil,

price was bid at the close.

The market for corn was firm but dull, with prices averaging a little over yesterday's close. The market was a good deal influenced by the action of oars. Wheat scalpers were moderate buyers. The slight advance disappeared under realizing late in the session, the market clesing steady. May ranged from 29460 29% to 296294c, and closed unchanged at 2044c.

29% to 29@29%c, and closed unchanged at 29%c.
Oats were again quite active and the market made a new high mark for the ceason. Reports of large cable acceptances were an important factor in the advance. Heavy buying by the most influential traders and shippers and commission houses took quantities. The advance brought out liberal realizing and yet of the advance lost the

commission noises took quantities. The advance brought out liberal realizing and part of the advance was lost, the market closing firm. May ranged from 24% to 24% 424% and closed %c higher at 24% c. Provisions were again quite active. Opening slightly easier, the market quickly became strong on a continuation of the general buying noticeable yesterday. Packers were credited with considerable buying. Prices reached the highest point of the season, but heavy realizing at the top or caused a reaction, the market closing steady but with all the advance lost. May pork closed unchanged at \$10.27, May lard 2½c lower at \$3.000 and May ribs 2½c lower at \$5.000 are 75%.

Live Stock.

Livestock.

CHICAGO — There was the usual Saturday lack of offerings in cattle, and the market was largely a nominal one. The few sales made were at yesterday's range of prices. The market this week has been a fairly strong one, and prices have advanced 10@15c on beef steers, there being sharp competition for fat cattle. Sales were largely at \$4 25@5 10, the extreme range of prices being \$4 00@4 50 for common to strictly choice grades. There was an active demand for hose, and prices were up to yesterday's best time, prime heavy hogs fetching \$4 00. From that figure sales were made all the way down to \$3 70, the built of the hogs crossing the senies at \$3 \$5@3 29½, Offerings of sheep and lambs were light, and prices were steady. Lambs sold readily at \$75@5 90 for common to prime flocks, while sheep sold at \$2 \$504 75. fed westerns selling largely at \$3 \$000 \$25. There was a good demand for feeding sheep and lambs, but suitable lots were offered sparingly. Recelpts, cattle, 300 head. EAST LIBERTY — Cattle steady; prime \$4 90%5 00; common \$3 \$503 \$3.563 \$5.0.

hops, 25,000 head; sheep, 3,000 head, EAST LIBERTY — Cattle steady; prime \$4 2005 00; common \$3 2503 75; bulls, stags and cows \$2 0003 70. Hogs steady; prime assorted mediums \$4 15 04 20; best heavy Yorkers \$4 1004 15; light Yorkers \$4 0004 05; heavy \$3 0006 4 05; pics \$2 5003 30; coughs \$2 5003 30, Sheep steady; choice \$4 7004 80; common \$3 2503 75; choice tambs \$4 7504 4 90; common to good \$4 7505 70; veal calves \$7 0007, 50.

ealives \$7.00@7.50.

EAST BUFFALO — Cattle active.
Horsy Yorkers, good to choice, \$4.1234@4

4.15; roughs, common to choice, \$3.50@3.65; plgs, common to choice, \$3.80@

#4 00. Lambs, choice to extra, \$5 80@ 5 90; culls to common, \$4 75@5 25. 5 30; culls to common, \$4 75@5 25. Sheep, choice to selected wethers, \$4 65 @4 99; culls to common, \$3 00@3 90.

CINCINNATI—14 ogs active at \$3.25@ 4 05. Cattle steady at \$2.25@4 75. Sheep steady at \$3.75@4 65. Lambs steady at \$4 00@5 50.

Dry Goods.

NEW YORK—Local conditions have been unsatisfactory in dry goods this week. The principal disturbing element was the weather, which on Tuesday interfered with the prosecution of the week's trading which had begun under favorable conditions Monday. Not only was there a direct effect in the curtailment of the demand coming forward by mall from the storm swept sections, but there was an indirect result in the shriess ensendered in buying circles, Buyers who were prevented from coming concluded they had better wait for a week at least. Sales for the week have been quite restricted, but sellers claim that with fair weather and other conditions, the market can be relied upon to increase its importbe relied upon to increase its importance within the next two weeks,

The Bank Statement. NEW YORK - The weekly bank state shows the following changes: Surplus reserve decrease \$ 827,820 Surphis reserve decrease \$ 3.5.25 Specie, increase 995,400 Loans increase 7,924,100 Legal tenders increase 1,012,600 Deposits increase 11,333,600 Circulated decrease 76,300

The banks now hold \$34,781,625 in excess of the repairements of the 25 per cent rule.

OIL CITY-Cradit balances 65c; cer-tificates closed with cash oil offered 65; sales 5,000 barrels at 68c, and 3,000 barrels at 6754c; shipments 63,080 bar-rels; runs 60,692 barels. Meinls.

NEW YORK-Pig iron dull; southern \$9.75@11 25; northern \$10.50@12 00. Cop-per strong; brokers 10%c. Lend firm; brokers \$3 45. Tin plates steady. Wool.

NEW YORK-Wool quiet; Texas \$8 50; packet \$9 00@10 50.
